Collabrios Health TPA

PACE-specialized operations, reporting and regulatory submissions in one integrated solution. Collabrios combines operational expertise, workflow discipline, technology and high-touch service to help PACE organizations lower administrative burden, improve claims performance and strengthen regulatory confidence.

A FULLY INTEGRATED TPA, BUILT FOR PACE

Lower admin burden. Better claims performance. Stronger regulatory confidence.

TPA OPERATIONS

Enrollment and disenrollment support, DTRR/820 monitoring and EDV audit response; digital mailroom, clearinghouse and OCR intake; claims adjudication with customized pricing and PACE-specific rules; accounting, 1099s and provider services.

OUTCOME: Lower administrative burden. Repeatable, scalable workflows.

REPORTING

Compliance reporting, including precision lists and encounter/RAPS return files; claims detail, reinsurance, IBNR, general ledger and monthly AR reports; PDAC reporting; and self-service standard reports, with custom reports on request.

OUTCOME: Improved claims performance. Less duplication and rework.

REGULATORY SUBMISSIONS

CMS and state encounter submissions, corrections and response-file follow-up; 1099 preparation, issuance and IRS filing; PDAC uploads including MMR, HCC, Part D HCC and MAO-004 files; and review of pends and rejections.

OUTCOME: Timely, accurate submissions. Stronger regulatory confidence.

PACE EXPERTISE, HIGH-TOUCH SERVICE

Deep knowledge of PACE regulations, payment models, pricing, enrollment, encounters, RAPS and PDAC, paired with a unified TPA and EHR platform, dedicated account management, portal access and quarterly business reviews.

OUTCOME: One integrated partner for operations, reporting and submissions.
